

Bio –

Catherine Du is a 16 year old student from Winter Park High School. She has loved the arts and music since a young age and has continued to manifest this passion through piano, violin, singing, painting, as well as many others. She started playing the piano with Mrs. Zalina Gurevich at 4 years old and the violin with Ms. Svetlana Gubnitskaya at 6 years old. With these instruments, she has competed in music competitions each year, resulting in a list of several awards, scholarships, and first places. Previously, she had competed in the 2014 Stockholm International Music Competition and won first place in the piano solo event. She looks forward to competing again this year in the same event to see how far she has come in her career as a pianist and musician.
