

*My name is Edward, I am 14 years old and I play accordion. It is very funny but even difficult. I began to play piano because it was my mother's dream but I wished to learn to play accordion. I have participated with good results in many big contests and competitions in Italy, Bosnia & Herzegovina, Serbia, Russia, Austria. I am proud of it!*

*Music has always been a big part of my life. I started with music when I was only 3-4 years old. Over the time I have tried many different instruments but accordion has always felt like a part of me and I stuck with accordion.*
