

*My name is Eevo Eenok Eeriki Kask and I'm 17 years old. At the age of 8, I went to music school to study viola. I am currently in my ninth year of music school. I graduated from Põltsamaa Music School two years ago and now I am in my second extra year. I also study at Tartu Heino Eller Music College in the 9th grade. Already in the second year of my studies, I started going to competitions. I have attended various competitions both in Estonia and abroad and achieved many diplomas and places. The latter were "Musical Fireworks in Baden-Württemberg", "XII Savshinsky International Music Competition" and "International Mark Rothko Competition of Young performers of Modern music". I want to learn more about music and achieve a lot with it.*
