

## Music educational carrier

My interest in music started at the age of 5 when I had my piano lessons. With the good music foundation, the flute lessons came afterward. After the 4th grade, I decided to pursue this interest further and study it full-time. In 2019 I took the first place in the entrance examination and was admitted to Music Middle School Affiliated to Shanghai Conservatory of Music. Until 2021 I have three years' flute playing experience.
