

I was born in a very kind family and my parents gave me a chance to choose my own way. Since childhood I have been studying in a school of art's In the name Sviridov. At that very moment my friendship with music lasts for 12 years. For now I have a huge list of experiences and rewards. For example, «Young talents of Saint Petersburg 2017», «The international competition in the name Sviridov», «The international competition in the name Savshinsky», universal competition in music named «Art assembly» where I managed to get the Grand Prix. Also I took part in a festival named «Silver sounds», festival russian music “Kustendorf CLASSIC” and plenty of other festivals and competitions.
