

*My name is Yinuo Jin and I am a 11 year-old girl living in Sweden. I like piano and music and they give me a way to enjoy the life and express myself. I started my piano journey when I was five years old when I was abstracted by the beautiful sound and melody. Piano is one important part in my life no matter when I am happy or sad. Sometimes I would like to find and learn to play some piano pieces when I heard it wonderful. Besides playing piano, I like reading and sports and enjoy the time with my friends*
