

My name is Yiqi Chen from Shenzhen, an advanced and international city in China. I was born in December 2007. When I was 7 years old, I run into and love the cello , a beautiful sweet instrument. Perhaps it was fate,when I was 10 years old, I met the talent scout Mingqing Yu in my life, and I was admitted to the fifth grade of CCOM affiliated primary school and began my road to cello professional.

During the period of school, I kept the first place in the cello major of the whole grade every semester. In July 2020, I was admitted to the junior high school affiliated to the Central Conservatory of Music as the first place.In the same year, I won the first place in the attached high school for my final professional performance.
