

*11-year old Iines began her violin studies in 2016 in Espoo Music institute. In August 2019 she also started to play viola as she was charmed by its darker and warmer tone. Her teacher is Sirkkä Kuula for both instruments. Iines plays viola and violin in various chamber ensembles. She also plays piano, sings and dances. When she is not in her musical hobbies she loves to go outdoors with her sister and their dog... or play some computer games!*
