

Ryan started playing the clarinet at April 2020 when he was 3 and a half years old. After 6 months, with encouragements and hard work he got his first 2nd place in an online competition held by Whole Note Music, Hong Kong. Same year in November he got the a 2nd place at a live clarinet competition organised by Hong Kong Speech & Music Recital Development Foundation. At February 2021 he got the first place in clarinet grading class (Pre Junior Class) in the 8th Hong Kong International Youth Performing Arts Festival.

Ryan's favourite hobby are toy trains and tracks. Play time is never enough. His parents are still learning to find the best balance between his work (practise) and play time.
