

Hello! My name is Petter and I am 22 years old and I am studying at the Norwegian academy of music with Geir Holm as my teacher. I feel that I am a very passionate saxophonist and I really like to show that the saxophone can play more than only 2 and a half octaves. I also feel that's its important to show that the saxophone can sing. I play a lot in wind bands and love that! I also play in a Saxophone quartet at school. I practice a lot and want to show my playing to a lot of people.
