

Alexandra has been enjoying playing music since she was 3 years old. She is doing her music for fun as she is an artistic gymnastics athlete competing both locally and nationally. Her passion in music includes violin, double bass, trumpet, marimba, and ukulele. She participates actively in school's junior school (with her violin) as well as senior school orchestra (with her double bass), string quartet, brass band as well as percussion and ukulele band. Her short term goal includes composing and playing her own music for her gymnastics floor routine.
