

My name is Nathan Kwok and I am a 15-year old freshman at Timber Creek High School. I live in Florida and love to swim, watch TV, and play the piano. Inside of school, I am involved in STEM clubs like HOSA and I am currently interested in the medical track. This is my 7th year playing the piano. When not busy beside the piano or cramming for a test, you'll probably find me reading a book or sleeping.
