

My name is Esther Scalamonti Marsh, I am 14 years old and I attend the music school Lilla Akademien in Stockholm. I live in Ekerö and have been playing the piano since I was 4 years old. What I like about playing the piano is the ability to express oneself when playing and I really feel the music inside me when I play. I also play classical guitar and enjoy playing in ensembles and composing music.

I have been involved in music competitions over the years, most recently I participated in the Piano Visions workshop series for young pianists this spring and it was a positive experience. On my free time I practice figure skating and enjoy running. I'm very interested in architecture and fine arts.
